DIGITAL BOOKLET SPECIFICATIONS

This page shows how to set up your template for digitally printed jewel case booklets & traycards.

ARTWORK SPECIFICATIONS

Please ensure you adhere to the following guidelines:

- 1) Artwork may be supplied in the following formats: Photoshop PSD, TIFF or EPS. (If creating on a Mac, please add the appropriate PC extension. Eg "Filename.eps")
- 2) Please ensure all images are AT LEAST 300dpi.
- 3) Please ensure all images are CMYK for process jobs or your correct PMS colours.
- 4) To avoid any font issues, please convert ALL text to outlines/curves.
- 5) Artwork must be accompanied by a COLOUR PROOF. This may be hard copy (preferred) or PDF format.
- 6) Artwork may be supplied on CD or ZIP DISK.
